DETAILS OF PRODUCTION

Givry is one of the most famous villages in the heart of the Côte chalonaise in the Southern part of Burgundy, the vineyards in this area are a mix of limestone and clay. After a mild winter, spring settled down with important variations of temperatures, with lots of rain. Summer was warm, punctuated by several heatwaves and a few thunderstorms which brought some water. The harvest started in mid September with bright sunshine. After whole cluster fermentation in vats, the wines are aged in oak casks for a period of 12 to 14 months in their XVth century cellar. The 2019 red wines are crunchy and complex with a beautiful fruit combination.
