CERETTO LANGHE D.O.C. ARNEIS BLANGÉ

CERETTO

DETAILS OF PRODUCTION

Blangé is the white side of Piedmontese wines; a product that defined an era, revolutionizing Langhe winemaking that was previously devoted exclusively to red grapes. It is the product of a highly distinctive region, the Roero, and a desire to improve varietal recognition, as well as drinking pleasure. Blangé combines sustainable practices in the vineyard with a modern take. Fruit and minerality, aromatics and balanced freshness, coexist in this white wine that has made enjoyment and versatility its trademark.

TASTING NOTES

Medium straw in color, this wine offers aromas of pears, apple blossoms, beeswax, and almonds. On the palate, the Blangé is soft with round, nutty flavors overlaying subtle minerality.

HOW TO SERVE

The classic Piedmontese pairing for this wine is Vitello Tonnato - cold slices of veal topped with a creamy tuna sauce.
