MERCUREY BLANC 2022

CHANSON
En Bourgogne depuis 1750

DETAILS OF PRODUCTION

In the heart of the Côte Chalonnaise, South of Côte de Beaune, only a small part of the Mercurey vineyards are planted with Chardonnay as Mercurey is mainly a red wine appellation. Located mid slope, facing East.

After a winter characterized by marked variations in temperature between January and February, spring started with mild temperatures. A sequence of cold weather in April was followed by warm temperatures in May but the lack of water was very noticeable and could not be compensated by the rainy storms of June. Summer was marked by several and long heat waves and the storms of the end of August were most welcome. The harvest at Chanson started on August 30 with a team of 100 persons and ended on September 13. 2022 was quite generous both in volume and quality.

TASTING NOTES
